

## **Level 2 Principles of Care Planning (OL)**

### **Study Type**

Online

### **Course Area**

Health & Science

### **Entry Requirements**

There are no specific recommended prior learning requirements for this qualification. However, learners may find it helpful if they've already achieved a Level 1 qualification in healthcare or social care.

This qualification is suitable for learners aged 19 and above.

### **Course Information**

This qualification will help learners to understand their role in supporting the preferences and needs of individuals in relation to their care or support, the development and implementation of care plans and contributing to the review of these by observing, monitoring and reporting on the care activities they're responsible for.

This qualification aims to develop learners' knowledge and understanding of:

- The principles and processes of person-centred thinking, planning and review
- How to work with individuals to carry out activities specified in their care or support plan, including person-centred assessment, planning, implementation and review
- The promotion of health and well-being through nutrition and hydration
- Supporting individuals to maintain personal hygiene
- Supporting individuals to manage continence and the use of continence equipment
- Supporting individuals with sleep

### **Assessment**

To achieve the Level 2 Certificate in the Principles of Care Planning, learners must successfully demonstrate their achievement of all learning outcomes and assessment criteria of the mandatory units.

The Level 2 Certificate in the Principles of Care Planning is internally assessed.

### **Considerations**

Please note you can only study one online course at a time. Upon successful completion, you can then apply for a new programme.

## **Progression**

Learners who achieve this qualification could progress to the following:

- Level 2 and 3 Certificate in Preparing to Work in Adult Social Care
- Level 3 Diploma in Healthcare Support Services

The objectives of this qualification are to help learners to prepare to enter or progress within employment in a variety of sectors and job roles where an understanding of care planning is required.
