

Young Animators Club

Study Type

Part Time

Study Type Subcategory

Young Learners

Course Area

Computing, IT & Game Development

Course Duration

6 Weeks

Course Information

Do you love Fortnite? Why not expand your skills and learn the software to make it!

The Young Animators Club is a series of 90minute workshops designed for young creatives aged 12-15 with a keen interest in 3D Graphics and an eye for detail. Using Unreal Engine 4 you will be given the practical knowledge and skills to create any 3D environment you dare to image.

Young creatives using Unreal Engine 4 will build their own 3D Environment with the opportunity to showcase their creation to family, friends and peers. This course is designed to stretch your imagination, develop new skills and provide the opportunity to make new friends.

Additional Information

Sessions run from 4:30pm-6pm for six weeks.

The class does not run during half term holidays.
