

Level 3 Diploma in Maritime Defence

Study Type

Full Time

Course Area

Engineering & Manufacturing

Entry Requirements

Five GCSEs at grade 9-4 including Science, English and Maths. You will also require a full Level 2 qualification in Maritime Defence or a Level 2 in Electrical Engineering.

Course Information

The Level 3 Diploma in Maritime Defence (Development Knowledge) is suitable for learners looking to work in the defence, and/or commercial shipping sector.

Learners should expect to study:

- Engineering Maths
- Engineering and environmental health and safety
- Engineering principles
- Principles of electrical and electronic engineering

Learners will also be able to choose additional optional topics, including:

- Marine Propulsion Systems
- Generation distribution for electrical power systems
- Advanced mathematics and science
- Electrical submarine systems equipment maintenance
- Marine systems electrical maintenance

Progression

Learners can progress onto Higher Education, or a Higher Degree apprenticeship.
