

Entry Level ESOL

Study Type

Part Time

Course Area

English & Maths

Entry Requirements

None, however, upon application we will assess your current English level to make sure you are in the correct class.

Course Information

Our ESOL courses cover a range of skills and depending on your level you will study reading, writing, speaking and listening in the English language. The course will include grammar and vocabulary, introducing yourself, spelling and writing skills, completing application forms and learning useful language to help you in everyday life outside the College. You will also have the opportunity to develop your IT skills to prepare you for work or further education.

Assessment

Exams are taken at the end of each unit of study.

Progression

Progression to the next level ESOL course, Functional Skills English and GCSE English, where appropriate.
